# DSIT CYBER POLICY LANDSCAPE 2025

Department for  
Science, Innovation  
& Technology

**DSIT is taking action to** increase the resilience of organisations and ensure that new and existing technologies are safely developed and deployed across the UK.

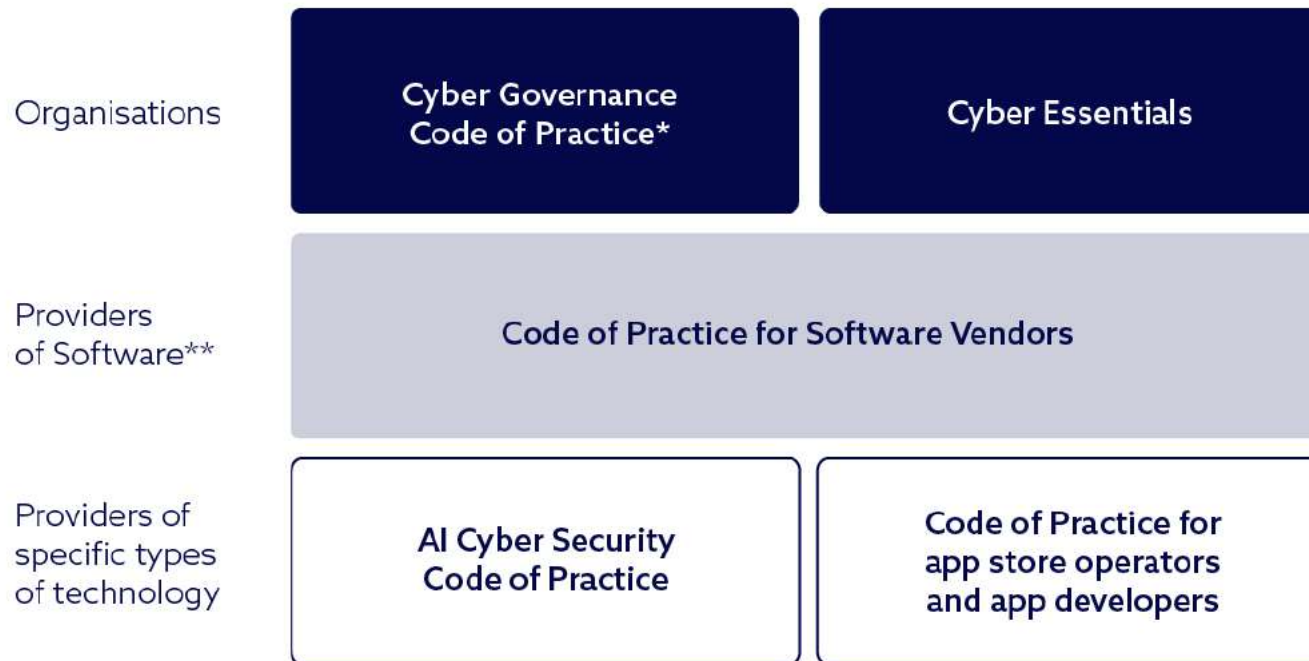

# MODULAR APPROACH TO CYBER SECURITY

Department for  
Science, Innovation  
& Technology

This diagram shows how the five cyber security codes of practice apply to different organisations and technologies.

\*for medium and large organisations, as well as small tech/AI organisations

\*\*including goods and services that contain software

# CYBER GOVERNANCE CODE OF PRACTICE

Department for  
Science, Innovation  
& Technology

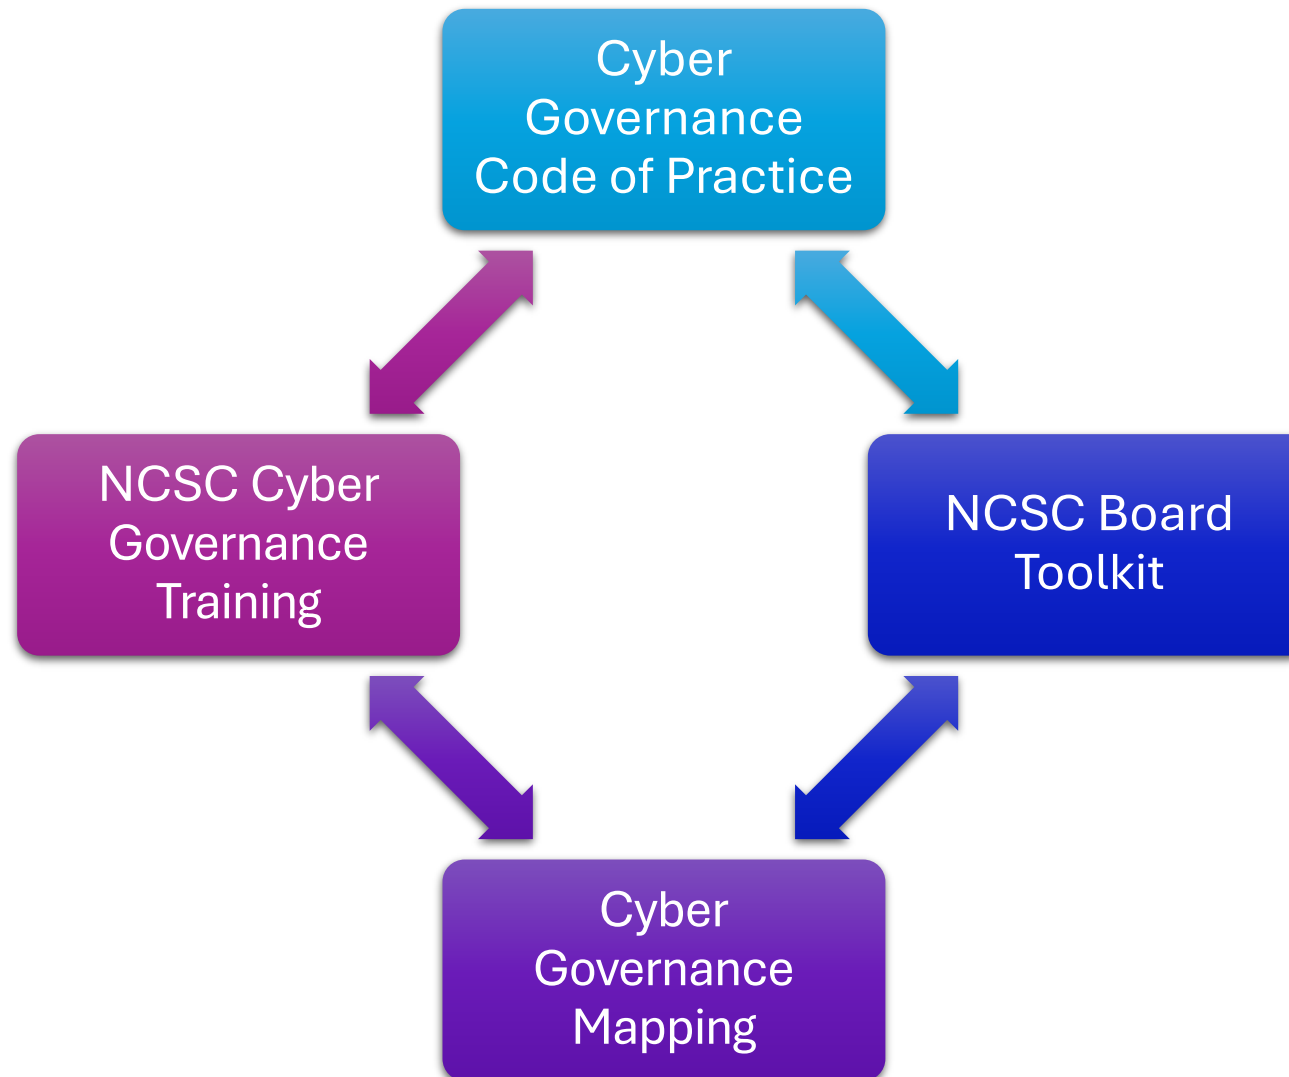

## The Code

The principles focus on the most critical areas that directors must engage with, rather than being an exhaustive list, and will articulate specific actions against:

- **Principle A:** Risk management
- **Principle B:** Strategy
- **Principle C:** People
- **Principle D:** Incident planning, response and recovery
- **Principle E:** Assurance and oversight
