EDITION 9

Make your bordereaux better

All DA operators know that bordereaux data management is inefficient, slow and frustrating. It limits cash-flow and impacts profitability. It doesn't need to be that way.

See how Amarillo can help:

Experience **smarter** binder management and transform data handling across the DA value chain.

See binder insights more clearly with dashboarding that makes bordereaux **brighter**.

Make bordereaux workflows and oversight easier and **faster** with our 24/7 AI data assistant.

97%

reduction in
bordereaux life-
cycle for one
Fusion customer

“ We’re delighted at the results we’ve seen from Fusion and can’t wait to roll it out further ”

LMF MEMBER SPOTLIGHT

Hear the thoughts of LMF Market Ambassador, Heather Connery, who shares her thoughts on LMF and how being part of the community has really supported her career in the Market.

Welcome

A month of travelling and planning

Welcome to the latest edition of LMF Engage, the publication for our Members and friends throughout the London and international insurance community, and all those working in the sector. LMF is an inclusive **“free to access”** hub for insurance professionals working for a broker, carrier, MGA, Lloyd’s and the Market’s Trade Associations. A big thank you to Amarillo Technologies for supporting this edition of LMF Engage.

We’ve had an exceptionally busy September and October, with community event hosting and planning, and a visit to see our inspirational charity, Support Dogs, at their new Sheffield Headquarters, where we presented them with a cheque on behalf of the London Insurance Market, from funds raised at the Market People Awards.

As many of you will know, LMF has rewarded a small number of its loyal and active contributors by presenting them with a Gold Pin and Certificate of Appreciation.

Each person receiving this accolade is also made a LMF Market Ambassador in recognition of their contribution and role within our thriving community. During the last couple of month’s, I presented Gold Pins to Nirvana Underwriter, Andrea Garcia Beltran, Sompo’s CIO, Brad O’Connor, and Change Leader at Lloyd’s, Allen Bruce.

Do check out our “Upcoming Events” page, as there’s seven events between now and Christmas. I encourage you to join in and be part of these learning and networking opportunities.

LMF MARKET CHRISTMAS PARTY

Our annual Market Christmas Drinks Party is taking place on 9th December at No 6, Alie Street, close to Aldgate. This popular gathering in the LMF calendar is open to all Market practitioners and our Corporate Members.

The evening, from 5pm, will be filled with festive cheer, laughs, drinks, food and entertainment. Anyone who has been to a LMF event of any type will know that our events are always high quality, with an amazing selection of Market practitioners, and a great place to make valuable new connections.

We'll be joined on the evening by our Charity partner of the year, Support Dogs, and there'll be a Christmas Raffle and an opportunity to chat with the folks that run this incredible charity.

We do hope you can join us for a wonderful evening.

LMF Visits Support Dogs in Sheffield

Proud 2025 Charity Partner

The LMF team were thrilled to visit Sheffield this month, to present a cheque for £6,257 to the amazing Support Dogs team at their new headquarters. Our presentation coincided with a community event at the charity's HQ, where LMF had the opportunity to meet the people leading the charity, as well as volunteers, and also those benefiting from their work. We thank our friends at Allied World for introducing us.

This incredible amount was raised thanks to the kindness and generosity of people from across the London Market community who attended the 2025 Market People Awards. THANK YOU to all sponsors, supporters and attendees who came to the Awards and contributed.

Support Dogs is LMF's nominated charity of the year. This amazing organisation really changes the lives of people living with various physical and mental health conditions by providing:

- Autism assistance dogs
- Epilepsy seizure alert dogs
- Disability assistance dogs

Find out more about them ➡

Listen to Amanda journey from Police Officer to Support Dog beneficiary

Roger Oldham, Founder of LMF and host of the Awards, sat down with Amanda, a former Metropolitan Police Officer, during our visit to hear how her Support Dogs assistance dog has transformed her life.

Delegated Authority Leaders Practice Group 3rd September 2025

Supported by

 RISK LEDGER

On Wednesday 3rd September 2025, Roger and the team at LMF were delighted to host our Delegated Authority Leaders Practice Group at The Ivy City Garden in the heart of EC3, supported by VIPR Solutions and Risk Ledger – bringing together senior professionals from across the Market for an engaging roundtable breakfast, with collaboration, learning and discussion.

We were joined by valued contributors Ben Francis and Alex Lyma-Young from Risk Ledger, along with Paul Templar, Tony Russell and Chantal Dawson from VIPR Solutions, who shared their latest DA insights with our community of underwriters, brokers and MGAs. Together, we explored the key opportunities and challenges facing delegated authority today – from data quality and regulatory pressures, to the impact of technology, growth of the DA market, and the importance of developing future talent.

A huge thank you to everyone who joined the conversation and shared their insights. It was clear that while challenges remain, the outlook for DA is positive, with new technologies, collective effort and continuous improvement paving the way forward.

LMF Practitioner Member Testimonial

Here's what our loyal Members say

Heather Connery

"Being part of the London Market Forums (LMF) has been a real game changer in my career, and a lot of that comes down to Roger. He's one of those rare people who makes time for everyone—whether you're just starting out or a well-established expert—and he genuinely cares about building meaningful relationships across the market. The sessions he runs aren't just presentations; they're proper working forums where people learn, connect, and tackle real challenges together. Thanks to LMF, I've grown my network, developed professionally, and even had job opportunities come my way. Roger's future-focused approach and his support for so many in the market are a big part of why LMF is so valuable—and why he's rightly recognised with awards for what he does."

LMF thanks our valued Corporate Members
